### **The Sun Will Come Up Collection, 2019**

*Our 2019 Home Collection is – as always – inspired by our travels around the world. This season our attention has been focused on the North African desert and its Bedouin tribes. Off-white, deep blue, sand and terracotta hues form the base of all designs. Natural colours and fabrics are offset with shimmering metallic gold to represent the burning sun and the Bedouin mystery.*

*Immerse yourself in the nomad lifestyle, in the luxury of your own home. Sink into a heap of embroidered cushions, wearing a flowing robe and watch candles burn in their exotic candle holders. Hypnotized by their golden glow you enjoy a table set with offbeat glasses and painted off-white tableware.*

*'Here in the desert I found all that I asked; I knew that I should never find it again.'*  
- Wilfred Thesiger (1910-2003), British Explorer
