SUMMER 21 CAPSULE COLLECTION

THE STORY

Laundry Lab's collection is inspired by travels around the world and years of experience in the wholesale and retail industry.

Every piece has been created with love and respect for our day to day hustle and bustle.

Creating this collection while being in a worldwide pandemic, made us dream and long even more for adventure. Therefore we started by designing our organized make-up - and toilet bags to get in touch with our inner Marie Kondo on future travels.

All our garments have been designed to be worn in the most effortless way, while still looking fresh and classy. Whether you're curvy, tall or tiny, you'll definitely find that one piece you'll be loving and wearing for years.

As our founder and designer is not a typical morning person and usually running late, she made sure to create items that would make it easy to dress up without putting an effort into it.

'Cause hey, what's not to like about looking cute in 5 minutes?'

Inspired by life, brought to you with love.

THE DRESSES

100% crepe viscose

ALICE

Our slip dress with adjustable straps, wavy details and a subtle split on the side. The perfect fit for those warm & sunny days.

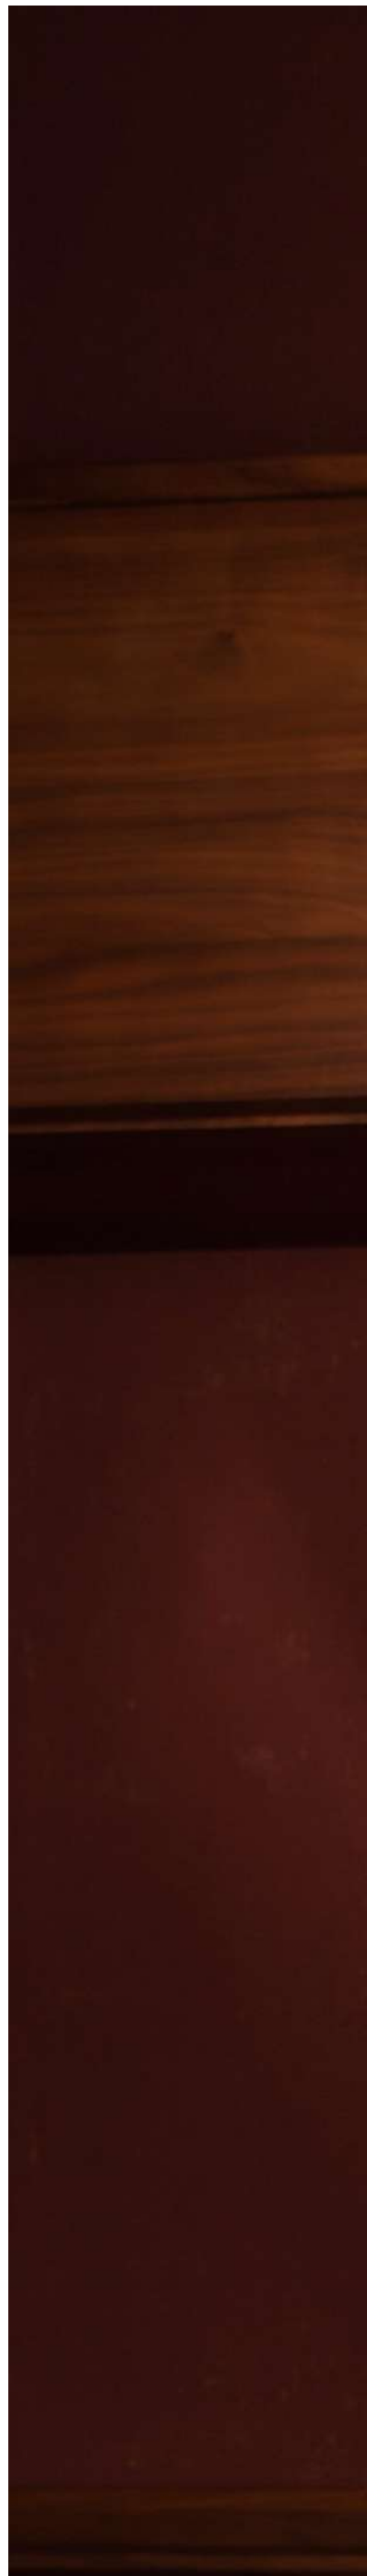

MINA

Our V-neck dress with elegant sleeves to elongate the arms. To be worn with or without it's belt so you can chose to accentuate the waist or leave it loose and flowy.

HARPER
